

Monnow Street

Monmouth, NP25 3EG

£625,000

A opportunity to acquire a business premises situated right next to the historic Monnow bridge in the heart of picturesque Roman Monmouth which did occupy a busy trading position for both local and tourist trade.

In addition to the affluent local population, the picturesque setting attracts custom throughout the year from day trippers, cyclists and walkers who pass through the village when proceeding to/from the village and river.

Monmouth is an ancient market town with a Roman foundation and as a border garrison between the English and Welsh, was endowed with a fine castle. It remained prosperous throughout the 18th and 19th centuries and is now a major tourist centre.

What has survived, however, is the Monnow bridge, the UK's finest 13th century town fortification of its kind. It was intended to defend the town from incursions by the Welsh and was provided with a portcullis and gate. In this, it was only partially successful, as the River Monnow is narrow and shallow and is easily forded nearby. But like most gatehouses, it was equally important as a means to collect taxes and control the passage of visitors into the town. Although much altered (again by the Victorians), it remains an evocative symbol of an earlier period.

The previous business was established by our vendor client in 1978 and did operate as a dual Fish & Chip take-away & restaurant, it is now a blank canvas and a fantastic space for a new business to take over.

An inspection is invited of this well located premises which provides business growth opportunities. Located in a premier location with public parking opposite the premises.
