Stowmarket
Cedars Park remains one of Stowmarket's most sought-after developments, popular for its attractive green open spaces, family-friendly environment and excellent convenience for everyday living. The development itself benefits from scenic walking routes, play parks, schooling and a local convenience store, creating a strong sense of community whilst still being within easy reach of the town centre.

Stowmarket offers a wide range of independent shops, cafés, restaurants, supermarkets and leisure facilities, alongside well-regarded schooling and healthcare amenities. The town is particularly popular with commuters due to its mainline railway station providing direct links to London Liverpool Street, whilst the nearby A14 offers excellent road connections to Ipswich, Bury St Edmunds, Cambridge and beyond.

Surrounded by beautiful Suffolk countryside, Cedars Park successfully combines modern living with access to green space and excellent transport links, making it an increasingly desirable place to call home.
