Eucalyptus House is an attractive flint-fronted family home, built in the mid-1990s and thoughtfully designed to complement its neighbouring surroundings. Offered for sale with no onward chain, the property has remained in the same family since new and now presents an excellent opportunity for a buyer to update and personalise to their own taste.

The well-proportioned accommodation comprises four spacious bedrooms, including a principal bedroom with en-suite shower room, two open-plan reception rooms divided by a feature fireplace, a south-facing conservatory, a modern kitchen and family bathroom. An integral double garage completes the layout.

The property is approached via a gated entrance leading to a beautifully paved driveway providing parking for several vehicles. The raised front garden enjoys an easterly aspect and is retained by a low wall, with mature shrubs, and striking eucalyptus trees creating an attractive and established setting. To the rear, the south-facing garden benefits from a sunny outlook throughout the day.

Further benefits include gas central heating (with the boiler replaced within the last year), wooden-framed double glazing, a ground-floor cloakroom and ample storage throughout. This is a truly unique home, ideally situated in a highly sought-after part of Yapton village.
