The Home - The Ground Floor

The home itself enjoys a wonderful position behind a beautifully maintained front garden that immediately catches your attention as you pass by. A tarmac driveway rises slightly towards a set of metal gates, which open to provide access to the detached garage and the rear garden. The front garden is particularly attractive, comprising a neatly maintained lawn surrounded by beautifully planted borders that provide lovely colour and maturity, giving the property excellent kerb appeal.

You enter the home through a composite entrance door into a welcoming hallway. The hallway is neutrally decorated and features a wood effect floor that adds warmth to the space. From here, access is provided to the kitchen, sitting room, ground floor W.C. and the staircase leading to the first floor accommodation.

The kitchen is accessed through a timber door with glazed panelling and offers a practical arrangement with plenty of cupboard and worktop space. Metro tiled splash backs complement the room nicely while the layout provides space for a free-standing oven with hob, space for a free-standing fridge freezer and space for a washing machine. A stainless steel sink with a drainer sits beneath a double glazed window, allowing natural light to fill the room. The kitchen also houses the property's gas boiler, and a rear door provides direct access outside. Access into the dining room can also be achieved from the kitchen, creating a lovely flow through the ground floor.

Both the sitting room and dining room are bright, neutrally decorated spaces that feel welcoming and comfortable. The sitting room benefits from a large double glazed window overlooking the beautiful front garden, allowing natural light to pour into the room. The dining room enjoys equally impressive natural light thanks to the large double glazed sliding door that opens directly out onto the rear garden patio. These rooms can either remain open for modern family living or be separated by sliding doors, creating flexibility for more formal dining occasions or cosy evenings within the sitting room.

Completing the ground floor accommodation is a handy W.C. comprising a toilet, wash basin and a frosted double glazed window.

The Home - The First Floor

The first floor landing is neutrally decorated and features a loft hatch above. From here, access is provided to the three bedrooms and family bathroom. The principal bedroom, positioned at the front of the home, enjoys a pleasant outlook through its double glazed window and benefits from an extensive range of fitted wall-to-wall wardrobes incorporating drawers. The second double bedroom overlooks the rear garden and is predominantly neutrally decorated with some papered walls alongside an integral storage cupboard. The third bedroom is also a good size and enjoys a pleasant front-facing aspect through its double glazed window.

The family bathroom is tiled and comprises a corner shower enclosure with an electric shower, a wash basin set above a vanity cupboard, a toilet and a frosted double glazed window that allows natural light into the room.

The Rear Garden

Externally, the rear garden is arranged over tiers, creating distinct areas to enjoy. Stepping out from either the dining room or kitchen, you arrive at a patio area that creates a wonderful connection between the indoor and outdoor living spaces. This patio also provides easy access to the detached garage and driveway. Steps rise to the next level of the garden where a further sizeable patio area, lawn and planted borders create an attractive and usable outdoor space. At the very top of the garden are two timber sheds which have been in place for many years and provide useful additional storage.
