INTERIOR

The property opens into an entrance hall with a convenient ground floor cloakroom, leading into a layout that flows well but invites cosmetic updating. The principal living room is a spacious and bright area, measuring over 16ft, centred around a feature stone fireplace and large front-facing window. Double doors connect this space to the separate dining room, which features French doors opening directly onto the rear garden—perfect for entertaining.

The kitchen, while currently fitted with older-style wooden units and tiled splashbacks, offers a functional footprint that could be opened up to create a modern kitchen-diner. A standout feature of the ground floor is the unusually large utility room adjacent to the kitchen, which houses the boiler and provides extensive additional storage and laundry space, with access to a small sun room/rear porch.

Upstairs, the landing leads to three well-proportioned bedrooms. The master bedroom with dual-aspect windows and fitted wardrobes. The family bathroom is fully tiled and features a four-piece suite, including a panelled bath and a separate shower cubicle.

EXTERIOR

The property boasts excellent curb appeal with a wide, low-maintenance concrete print driveway capable of accommodating multiple vehicles. This leads to an attached single garage with a secure blue roller door. To the rear, the garden is a key selling point—a long, enclosed space primarily laid to lawn, bordered by mature trees and shrubs that ensure a high degree of privacy. A paved patio area sits immediately adjacent to the house, while a charming garden pond and wooden storage shed add character to the grounds.
