PROPERTY DESCRIPTION

Smart Millerson Estate Agents are delighted to bring to the market this deceptively spacious two-bedroom ground floor apartment, offering an excellent opportunity for both seasoned investors and those looking to take their first step onto the property ladder. Ideally positioned within easy walking distance of a variety of local amenities and transport links, the property combines well-proportioned accommodation with generous outside space and strong rental potential.

The property is particularly well suited to those looking to add a worthwhile investment to their rental portfolio, with an expected rental income of approximately £750 per calendar month. This equates to an attractive rental yield of around 11.3%, making the apartment an appealing proposition in the current rental market. Due to the property's Cornish unit construction, it is available to cash buyers only.

On entering the property, you are welcomed by a bright and airy entrance hallway, which provides access to the principal rooms and creates a pleasant sense of space. The accommodation centres around a particularly spacious lounge, offering ample room for comfortable seating and a variety of furniture configurations. Natural light helps to create a welcoming and versatile living environment, making this a practical space for everyday living or for prospective tenants.

There are two well-proportioned double bedrooms, both offering generous space for bedroom furniture and additional storage. The accommodation is completed by a well-equipped kitchen, providing a practical range of units and workspace, together with a bathroom serving the property.

One of the property's notable features is the generous outside space. To both the front and rear are sizeable gardens which have been predominantly laid to lawn, providing excellent potential for those wishing to make the most of the outdoor areas. Whether used as a place to relax, entertain or simply enjoy some private outside space, the gardens are a valuable addition to the property and offer considerably more outdoor space than might typically be expected from an apartment. There is also an abundance of on-street parking available nearby, providing convenient parking options for residents and visitors alike.

The property is connected to mains water, electricity and drainage and falls within Council Tax Band A. The apartment is held on a 125-year lease which was granted in 1989.

LOCATION

The property is located within a short distance of St Austell town centre which offers a wide range of shopping, coffee shops, restaurants and a local leisure centre. It is situated within the catchment area of the local primary school of Mount Charles and secondary of Penrice Academy. St Austell offers a mainline railway station providing direct access to London Paddington and Penzance. The picturesque harbour at Charlestown is only a short drive and has been used as the setting for numerous period dramas and films including The Eagle Has Landed, Mansfield Park and Poldark, and remains popular due to the fabulous setting and quality dining. The area is also home to the breathtaking Lost Gardens of Heligan and of course the world famous Eden Project.
