Summary of Accommodation

About the property

Understood to have been built in the mid 1930's, No.19 Cantref Road is a great property offering much scope to further improve and extend as many others in the street have done (subject to any appropriate consents). An entrance porch has a staircase leading to the first floor and door opening to the lounge. The lounge looks over the front garden and into the head of the cul-de-sac and it has, as a focal feature, an electric fire recessed within a chimney breast. A connecting door links through to the generous kitchen with a window overlooking the rear garden and adjacent doors opening to the same. Kitchen includes a freestanding oven and hob, plumbing for a dishwasher and washing machine and with space for a low level freestanding fridge. There is a neat understairs storage area. Connecting door from here leads to a rear entrance hallway off which there is a cloakroom and giving access to the family lounge (originally the garage of the property). This family room is a particularly generous space with ample room for seating and for a dining table with a door opening to the front and windows overlooking the same.

To the first floor the central landing area has doors leading to all three bedrooms and to the family bathroom. The two largest bedrooms look to the front and rear respectively, the third bedroom is a generous single overlooking the back garden. All share use of the family bathroom with its 3-piece bathroom suite in white with electric shower over.

Additional information
