OUTSIDE

The property sits on a substantial plot with a generous front garden combining a grass lawn and a concrete surface. A paved path leads to the entrance, accessible via a UPVC front door and a wooden gate. To the side, there's an extensive private car park, mostly owned by the current vendors, providing ample off-road parking. While two designated spaces are allocated to neighbouring properties, the remainder forms part of this home's unique offering—a rare benefit for the area.

The rear garden begins with a raised wooden patio area, stepping down to a larger section finished with a grass lawn, fully enclosed with a wooden fence perimeter. A wooden gate allows access back to the front. The garden extends further, accommodating a storage area/garage space, ideal for tools or outdoor equipment.
