This striking five-bedroom residence presents a rare opportunity to acquire a substantial period property that has been extensively refurbished and thoughtfully redesigned for modern family living. Offering approximately 4,000 square feet of accommodation (including the integrated store, attic spaces and detached outbuilding), the property combines impressive proportions with carefully considered contemporary upgrades, whilst retaining an abundance of original character throughout.

Arranged across three spacious floors, the home delivers a superb balance of formal reception space and open-plan living, perfectly suited to both everyday family life and entertaining on a larger scale. Elegant period detailing including high ceilings, decorative coving, feature fireplaces and handcrafted sash windows sit comfortably alongside bespoke finishes, underfloor heating and stylish bathroom suites. The expansive kitchen, dining and living area forms the centrepiece of the home, opening directly onto beautifully landscaped gardens through bifold doors and creating a seamless connection between indoor and outdoor living.

The bedroom accommodation is equally impressive, with luxurious suites, dressing areas and versatile upper-floor rooms providing flexibility for growing families, guests or home working. Outside, the property enjoys a private and secure setting with extensive driveway parking, landscaped gardens and a substantial detached outbuilding offering excellent potential for use as a studio, annex or home office.

This substantial period property has been comprehensively renovated to create an outstanding family home that successfully blends original character features with high specification finishes throughout. The welcoming entrance hall immediately showcases the quality of the refurbishment with feature staircase panelling, glazed entrance detailing, cloakroom facilities and a dedicated communications area. To the front elevation, the formal lounge enjoys a bay window with built-in seating, high ceilings with decorative coving and ceiling rose, together with an original open fireplace creating an elegant reception space. A second sitting room positioned towards the rear of the property overlooks the garden and is centred around a feature brick fireplace with log burner, creating a warm and inviting everyday living area.

The centrepiece of the home is the expansive open-plan kitchen, dining and living space, designed with entertaining in mind. Bespoke shaker-style units are paired with large resin work surfaces, integrated appliances, twin wine coolers, breakfast bar seating and a striking glass-covered feature well. The kitchen also benefits from an integrated Wi-Fi compatible double oven, integrated single oven/microwave, space for a range cooker with extractor hood, integrated double dishwasher, further integrated fridge, integrated bin drawers and a recessed space for an American-style fridge freezer with permanent cold water feed within fitted larder units. A boiling, hot, cold, filtered and chilled tap adds further convenience. Multiple bifold doors connect seamlessly with the garden, while separate seating, dining and snug areas provide flexibility for everyday family living, with the snug area also lending itself perfectly as a games area. The utility room provides additional wall and base units, work surfaces, sink and drainer unit, appliance recesses for a washing machine and tumble dryer, built-in storage cupboard, larder storage and side access door.

The first floor accommodation is equally impressive, centred around a spacious gallery landing with useful built-in storage cupboards and staircase leading to two wings of the house.
