The Detail

This superb extended end townhouse has been comprehensively improved and thoughtfully remodelled in recent years, offering an ideal first-time home that has been beautifully upgraded and maintained to a high standard. The property benefits from a combination boiler gas central heating system and uPVC double glazing throughout.

The home is entered via a uPVC double-glazed front door into a welcoming hallway, which provides useful storage space and features a staircase to the first floor. A doorway leads through to the impressive open-plan ground floor living space, incorporating a kitchen area, living area, and an extended garden room/dining room.

The stylish kitchen is fitted with white panelled units complemented by brushed steel handles and a granite-effect laminated work surface with breakfast bar. It includes an integrated electric oven, induction hob with extractor, dishwasher, and stainless steel sink and drainer. Recessed LED lighting and dual-aspect windows create a bright and modern feel. The open-plan design flows seamlessly into the living area, finished with quality oak-effect flooring, and further extends into the impressive garden room, which features an insulated roof and windows overlooking the rear garden. French doors provide direct garden access, making this a superb space for both relaxing and entertaining.

Upstairs, there are two well-proportioned bedrooms. The primary bedroom includes fitted sliding wardrobes with mirrored panels, while the second bedroom offers built-in storage. The contemporary shower room features a walk-in shower, grey gloss vanity unit with inset sink, concealed cistern WC, and stylish chrome fittings.

Outside, a block-paved driveway leads to a brick-built garage with rear access. The low-maintenance rear garden is attractively arranged with paved and gravelled areas, enclosed by fence panels and conifer trees, with gated access to the rear.
