THE DETAIL

The Detail

A composite entrance door opens into a welcoming hallway, where attractive feature wall panelling creates an excellent first impression. Laminate flooring continues throughout the space, while an obscure double glazed window provides natural light. Two integrated understairs storage cupboards offer practical everyday storage.

Positioned at the front of the property, the lounge enjoys a bay window that allows plenty of natural light to fill the room, complemented by high ceilings that add to the home's character. This provides a comfortable setting for relaxing or spending time with family.

Located at the rear, the kitchen diner has been designed with both functionality and everyday living in mind. French doors open directly onto the rear decking, creating an easy connection between the indoor and outdoor spaces. The kitchen is fitted with a range of contemporary high gloss wall and base units, an integrated electric oven, five-ring gas hob with extractor above and a one-and-a-half bowl sink with mixer tap. There is space for a dining table, making it an ideal setting for family meals and entertaining guests.

The first floor landing continues the feature wall panelling and leads to three well-proportioned bedrooms. The principal bedroom is positioned to the rear and benefits from a recessed area ideal for wardrobes. Bedrooms two and three both enjoy a front-facing aspect, offering flexibility for family living, guest accommodation or those working from home.
