THE DETAIL

The Detail

An impressive arched entrance doorway with feature glazing opens into the entrance porch where Minton-style tiled flooring immediately sets the tone for the wealth of period character found throughout the home. A further original-style glazed door leads into the welcoming entrance hall, where the tiled flooring continues and provides access to the principal reception rooms.

The two front reception rooms showcase the property's double-fronted design. Both enjoy large bay sash windows, whilst feature fireplaces, decorative detailing and cast iron radiators create elegant spaces for everyday living and entertaining. The rear sitting room offers a more relaxed atmosphere, centred around a fireplace with log burner and complemented by a striking ceiling rose, high ceilings and the original servant bell. Built-in shelving and storage units add practicality whilst retaining the room's character.

The kitchen provides a contemporary contrast, fitted with high-gloss units, soft-close drawers and a comprehensive range of integrated appliances including an induction hob, double oven, grill, warming drawer and dishwasher. From here, access is gained to the substantial conservatory, a versatile extension of the living space that can easily accommodate sitting, dining, hobby or fitness areas. A useful utility section incorporates additional worktop space, sink and appliance provision, whilst a door leads directly into the large garage.

features including ceiling roses and exposed floorboards. Four double bedrooms radiate from the landing, with the front bedrooms benefiting from built-in wardrobes and original character detailing. The family bathroom has been thoughtfully appointed with a freestanding roll-top bath, high-flush WC, separate shower enclosure, wash hand basin and period-style fittings. A separate shower room provides further convenience and includes a shower cubicle, WC, vanity unit with wash hand basin and useful storage.

Outside, the south-facing walled garden is a particular highlight. Designed to offer privacy and enjoyment throughout the seasons, it features lawned sections, established planting borders, mature trees and a variety of striking maple trees that provide colour and interest throughout the year. Further features include a decorative well, raised patio with lighting, an additional seating area behind the garage, timber storage and a garden shed. The substantial garage benefits from power, lighting and workshop potential, whilst steps lead down to a useful basement area providing further storage.

The property enjoys a convenient position with a wide range of amenities close at hand, making it an excellent choice for both families and professionals. A local shopping parade is within easy reach, offering a selection of independent shops, supermarkets and everyday services. Nearby, Elvaston Castle and Country Park provides beautiful parkland, scenic walking routes and outdoor events throughout the year. Pride Park is also readily accessible, offering leisure facilities, retail outlets and employment opportunities, whilst Derby railway station provides direct services to major cities across the country. The location is particularly well suited to those working at Rolls-Royce, with the employer situated a short distance away, further enhancing the property's appeal for commuters.
