IMMACULATE FAMILY HOME WITH STYLISH INTERIORS AND SOUTH-FACING GARDEN – Tucked away from the road, this beautifully presented three-bedroom home offers the perfect blend of contemporary design and everyday comfort. With an inviting open-plan lounge-diner, a thoughtfully designed kitchen featuring integrated appliances and a Belfast sink, and south-facing bedrooms that welcome in natural light, this home is ideal for both family life and entertaining. A private rear garden with patio and lawn areas provides a tranquil retreat, while the driveway accommodates two vehicles with ease. Recent upgrades, including a Vaillant boiler and new consumer unit (both installed in 2021), enhance the home's efficiency and peace of mind. Set within a friendly residential area and finished to a high standard throughout, this is a property that truly ticks all the boxes for modern living.

The Detail

Approached via a well-planted front garden and private driveway, the property is entered via a storm porch and composite entrance door flanked by two frosted UPVC windows. Inside, the hallway provides a welcoming introduction, complete with a radiator, staircase to the first floor, and a spacious storage cupboard housing the tumble dryer. A convenient cloak cupboard adds practicality.

The heart of the home lies in its open-plan L-shaped lounge-diner, where natural light streams in through the UPVC window and rear-facing door, creating a seamless connection to the garden. The open plan kitchen is fitted with stylish shaker-style base units, a Belfast sink with swan neck mixer tap, limestone tile flooring, and attractive tiled splash-backs. Integrated appliances include a fridge-freezer, dishwasher, and washing machine, with space for a range cooker (available by negotiation).

Upstairs, the landing features loft access and an airing cupboard housing a Vaillant condensing boiler, installed in 2021. The master bedroom benefits from a large front-facing window, built-in wardrobes, and a dedicated dressing area. Two south-facing rear bedrooms – one ideal as a home office – enjoy an abundance of natural light. The modern bathroom includes a rainfall shower over the bath, a wash basin, low-level WC, and a heated towel rail.

Outside, the rear garden is beautifully arranged with patio space, two lawn areas, mature shrub borders, and a garden shed. A side area provides discreet bin storage. Double glazing and modern central heating ensure year-round comfort.
