The Detail

As you step into the spacious entrance hall, the quality of the presentation is clear — ceramic tiled flooring, underfloor heating, and side windows create a bright and welcoming first impression.

The heart of the home is the extended kitchen-dining area, finished to a high standard with shaker-style units, tiled splashbacks, a gas hob with cooker hood, and an integrated electric oven. There's ample room for a dining table, with a contemporary wall-mounted radiator, along with stylish plinth and cabinet lighting. Space is available for an American-style fridge-freezer, dishwasher and washing machine, while the inclusion of a waste disposal system adds extra practicality.

To the rear, the lounge is complete with laminate flooring, a raised log burner, and patio doors opening directly onto the garden. In addition a convenient WC and generous under-stairs storage add to the home's everyday functionality.

Upstairs, the master bedroom includes air conditioning and two built-in storage cupboards, with two further well-proportioned bedrooms offering flexibility along as potential use for a home office. The bathroom has been upgraded, featuring a P-shaped bath with rainfall shower, a contemporary vanity unit with washbasin, tiled splashbacks, recessed and strip lighting, and additional built-in storage.

Externally, the property presents a smart and welcoming frontage, enhanced by a newly laid lawn, Tarmac driveway, and a timber storm porch with pitched roof and dual lighting. There is ample off-street parking to the side of the property, which leads to a detached garage with electric shutter doors.

The rear garden has been designed to offer a balance of relaxation and versatility. A paved patio leads out from the lounge, creating an ideal space for outdoor dining, while a covered seating area provides a sheltered spot for year-round use. The garden also features a bespoke wooden coal and log store, a dedicated area with potential for workshop use, and a hot tub — included in the sale — which adds a desirable lifestyle feature. Enclosed by panel fencing, the garden offers privacy and a low-maintenance layout that's perfectly suited to entertaining or unwinding at home.
