THE DETAIL

The Detail

The property requires refurbishment, yet its existing layout provides an excellent foundation for creating an individual home tailored to modern requirements. An entrance porch opens into the hallway, providing access to the principal ground-floor rooms. The lounge offers a comfortable reception space, while the conservatory creates an additional setting overlooking the surrounding gardens. The breakfast kitchen provides scope for reconfiguration and modernisation, with space for both kitchen facilities and a dining area.

Two bedrooms are positioned on the ground floor, offering considerable flexibility for those looking to create single-level living, guest accommodation, a home office or hobby space. A bathroom is also located on this floor. Stairs rise to the first floor, where a large bedroom provides an impressive private retreat with useful floor space. A door leads through to the attic room, offering additional usable or convertible space, subject to the purchaser's requirements and any necessary permissions.

Outside, the generous plot is enclosed by a walled boundary, with mature gardens extending around the property and providing privacy, established planting and scope for further landscaping. The block paved driveway gives access to a large detached brick-built garage and workshop, complemented by further brick outbuildings providing useful storage and workspace.

The size and arrangement of the plot create excellent potential for development or alteration, subject to obtaining the necessary planning consent, making this an especially appealing proposition for buyers with vision.

Walton on Trent is a highly sought-after South Derbyshire village, with the property positioned within the heart of the community and set within a conservation area. The nearby Swan pub adds to the village character, while the surrounding countryside provides attractive opportunities for walking and enjoying the rural setting.
