From the moment you step inside, the property showcases period-inspired features including exposed fireplaces, original-style floorboards, fitted alcove storage and attractive terracotta tiling, creating a home with plenty of personality.

The ground floor provides two well-proportioned reception rooms, giving flexibility for both everyday living and entertaining. Upstairs, both bedrooms are generous doubles, with the principal bedroom offering fitted storage. A spacious modern bathroom adds further appeal.

THE DETAIL

The Detail

Entering through the front door, the lounge immediately provides a welcoming first impression, with varnished floorboards, an open fireplace with tiled hearth and fitted cupboards and shelving within the alcoves. The room offers a comfortable setting for relaxing, with the original-style features giving the space a distinctive character. A doorway leads through to the dining room, which provides generous space for a large dining table and chairs. Here, a brick fireplace houses a log burner, creating an appealing focal point, while terracotta tiled flooring adds warmth and texture. Understairs storage provides useful additional space, and a door leads through towards the wooden staircase.

At the rear, the modern kitchen combines practical design with a sociable layout. White fitted cupboards are complemented by a small breakfast bar, integrated microwave and freestanding Smeg oven with five-ring gas hob. Tiled flooring continues throughout, while a door provides direct access to the rear garden.

Upstairs, the principal bedroom is a large double with two windows, painted floorboards and open fitted wardrobes incorporating both shelving and hanging rails. Bedroom two is also a generous double, featuring stained floorboards and a characterful open fireplace.

The landing provides loft access and leads to the spacious bathroom, which features painted floorboards, a freestanding bath with standing tap, separate shower enclosure, wash basin and WC. A useful cupboard houses the Vaillant boiler.

Outside, the rear garden offers lawn, patio and a shed positioned towards the bottom, with shared alley access providing a convenient route to the front. To the front, there is on-street permit parking, while the property benefits from its own single garage — an especially useful and unusual advantage for a home of this style.

The property is conveniently positioned within Derby, providing access to the city centre and its wide range of shopping, dining, leisure and cultural amenities. Derby Railway Station offers direct rail connections to destinations including London, Birmingham, Sheffield and Newcastle, while local bus services provide further options for getting around the city. Road connections include the A38 and A52, giving access to the wider region and the M1. Derby also offers a wealth of parks and open spaces, including Darley Park and the River Derwent, providing opportunities for walking and outdoor recreation.
