Description

Positioned discreetly just off Yarmouth Road, Taylors Farm enjoys a wonderfully private setting, accessed via an exclusive shared driveway serving only a handful of neighbouring properties. A secure gated entrance opens onto an expansive gravelled frontage, providing ample off-road parking for multiple vehicles alongside a substantial double garage. The garage itself offers excellent versatility, whilst being ideal for an annex potential STP, it currently includes a dedicated workshop area together with an adjoining external wood store, ideal for practical country living.

The grounds surrounding the property are a true feature of the home, thoughtfully arranged to create both beauty and functionality. Extensive lawned gardens are complemented by mature trees, established shrubs, colourful planting, and a variety of fruit trees that enhance the rural charm. Additional outdoor features include a concrete shed base, enclosed chicken run, and a range of useful storage areas, making the property perfectly suited to those seeking a lifestyle home with space to enjoy the outdoors.

Internally, the property has been sympathetically restored and beautifully maintained, successfully blending characterful period charm with modern comfort. From the moment you enter, the quality of craftsmanship is immediately evident, with striking original details retained throughout, including exposed brickwork, vaulted ceilings, exposed timber beams, and attractive tiled flooring. Together, these features create a warm and inviting atmosphere full of individuality and character.

The heart of the home is the impressive sitting room, a wonderfully spacious yet cosy environment designed equally for everyday living and entertaining. A magnificent brick-built fireplace with inset wood-burning stove provides an eye-catching focal point and a welcoming retreat during the colder months. The sitting room flows naturally through to the formal dining area, where bi-folding doors open directly onto the courtyard, flooding the space with natural light and seamlessly connecting the indoor and outdoor living areas.

The farmhouse-inspired kitchen/breakfast room combines timeless styling with practicality, featuring a comprehensive range of fitted wall and base units alongside a range-style cooker set within an attractive brick surround. Offering both functionality and charm, the kitchen is perfectly suited to family living and entertaining alike. Complementing this space is a separate utility room providing additional storage and laundry facilities, together with a conveniently located cloakroom WC.

The accommodation has been thoughtfully configured to provide flexibility and

comfort, comprising three generously proportioned double bedrooms, including a versatile ground floor bedroom ideal for guests or multi-generational living. Each bedroom benefits from its own private en-suite shower room or bathroom, while the principal suite is further enhanced by a spacious walk-in wardrobe, adding a touch of luxury to the accommodation.

Outside, the landscaped gardens continue to impress with carefully designed low-maintenance areas, including artificial lawn sections and beautifully stocked planted borders. The peaceful surroundings provide an idyllic setting for alfresco dining, entertaining guests, or simply relaxing and enjoying the tranquillity of the countryside. A dedicated concrete base complete with installed electric supply offers the perfect opportunity for a hot tub or outdoor entertainment area, while the substantial wood store positioned to the front of the barn further complements this exceptional and highly individual home.
