## Property Description

This charming home in Aldeburgh offers a welcoming blend of comfort, style and practicality. It is ideal as either a full-time residence or a holiday retreat being two Bedroom, having an upstairs bathroom & easy to tend garden.

## Ground Floor

The property is approached via a low brick frontage with attractive planting and space for a bench. A double-glazed porch with tiled flooring leads into the inviting living room, where a fireplace (with generous shelving both sides) creates a warm focal point. Beautifully decorated and carpeted, the space feels both cosy and bright, with double-glazed windows to the front and rear allowing natural light to flow through. Radiators sit beneath both windows, while a large under-stair cupboard provides excellent storage.

The open-plan living/dining layout offers plenty of room for everyday living or entertaining. From here, a door opens to the modern, well-presented kitchen, complete with oven, induction hob, extractor fan, and sink with plumbing for dishwasher / washing machine. A double-glazed window frames a lovely view of the garden, with a side door giving direct access outside.

## First Floor

A straight, carpeted staircase with handrail leads to the first-floor landing, where a south-facing window fills the space with light. The landing also offers loft access and a radiator.

The light and bright master bedroom is a generous double with

ample room for a king sized bed. It features a large front-facing double-glazed window and two double built-in wardrobes, one with storage shelves and other hanging space. There is a further storage cupboard which also houses the modern gas boiler. A bright second bedroom, overlooking the rear garden, provides a spacious single room which is ideal for single or bunk beds which also has hanging space behind the door.

The bright family bathroom is well-appointed with a heated towel rail, WC, wash basin, and bath with electric shower over. It also has useful storage cupboard with shelving and immersion heater. A frosted rear window ensures both light and privacy.

## Outside

The rear garden is a private and versatile space, enclosed by high fencing and gates. It features both lawn and patio areas, external lighting, and a substantial & spacious brick outbuilding at the far end with power & light. This is perfectly suited for conversion into an office / summer house. While a right of way exists for neighbouring properties, the layout retains a strong sense of privacy. Being the End of Terrace, it benefits from the easy access to rear gate and gives freedom to develop.
