DESCRIPTION

Lane End is a bespoke, link-detached house of exceptional quality, built in 2006 using a timber frame construction with a painted lap boarded finish, topped with classic clay pantiled roofs. Designed with meticulous attention to detail, this innovative and versatile home offers superb accommodation in a highly sought-after village location, just a short walk from the beach, village green, and Southwold Harbour.

Presented in immaculate condition, Lane End boasts double glazing, predominantly sash windows, and beautiful oak floors complemented by underfloor heating throughout. The thoughtfully designed layout includes an inviting entrance hall with ample storage and utility cupboards. The spacious kitchen/dining room features handmade fitted cabinetry, while an oak tread staircase leads to the first floor.

A ground-floor shower room serves a versatile bedroom, which doubles as a charming garden sitting room with casement doors opening into a secluded and picturesque private garden.

Upstairs, the light-filled sitting room is a striking feature, with a vaulted ceiling, exposed timber frame, and a square bay window that frames views towards the iconic Walberswick beach huts and the sea beyond. The principal bedroom, also benefiting from a vaulted ceiling, is located at the rear and includes an elegant en-suite shower room.

A timber lap-boarded garden store with a pantiled roof adds character, while additional features include courtesy lighting, external power points, an outside tap, and off-street parking.
