Services

Lot 1

Mains electricity and water are connected to the property. Drainage is to a private system (Sotralenza). There is an oil fired central heating system in existence.

Lot 2

Mains electricity and water are connected to the property - however this is a connection with Lot 1 (Casa Mia). If there are separate buyers of the two Lots - the purchaser of Lot 2 would be expected to install a separate meter for both water and electricity.

Drainage is to a private system (Tricel, 2016), having recently been installed this is expected to meet current regulations.

Countryside Stewardship

The Land at the property is subject to an Entry Level/Higher Level Environmental Stewardship Scheme (ref: AG00305940).

The Agreement generates an annual income of £2,600.

A range of land management options have been used including:-

HK7 – Restoration of species rich in semi-natural grassland

HK18 – Haymaking supplement

HK11 - Restoration of wet grassland for breeding waders

The agreement was originally a 10-year agreement and is currently on a rolling 1 year extension. Prospective purchasers have the option of having the Agreement transferred to them. If a transfer is made an annual payment would be made by the RPA for carrying out the agreement management options on the land.

The land is also registered for the Basic Payment Scheme and BPS was claimed in 2023.

Additional Land

Additional land opposite the subject property, extending to approximately 3.30 Acres (1.30 hectares), is available by separate negotiation.

Easements, Wayleaves & Rights of Way

The property is offered for sale subject to all existing rights, including rights of way, whether public or private, light, support, drainage, water and electricity suppliers and other rights easements, quasi-easements and all wayleaves whether referred to in these particulars or not.
