

2 Parkview, Park Road

£280,000

A spacious, period semi-detached character family home built in 1911 that is situated in a prominent road in heart of Dereham. This property is ideal for a family and for those looking for proximity to shops and amenities, including surgeries, public transport, cinema, churches etc. It has been in continuous occupation by the Vendors since 1984 and has retained many original features including open fireplaces, mouldings, Braemar pattern tiling, and interior doors.

The entrance hall features an original tiled floor in the popular Victorian Braemar style in cream, black and terracotta. The adjacent living room is complemented by the original working open fire, and double-glazed east-facing sash bay window. Next is a generous dining room with a feature fireplace. Further on there is a central fitted kitchen with a range of units at base and eye level. This leads to a store that could be transformed into a complementary utility room or office, plus a cloakroom/ WC and lean-to.

Upstairs to the first floor, there are two spacious double bedrooms serviced by a large five-piece bathroom suite – this space boasts plenty of potential to create a bathroom of your choice. The landing affords access by hatch to a boarded and insulated loft space with electricity running to the rear of the property. To the second floor is a double-sized bedroom with en-suite cloakroom.

Outside, to the front, is a gated and walled path to front door, plus side access to the garden. To the rear the tranquil and secluded garden stretches approx. 100 feet, and has been laid out to a patio, woodland area, lawn and vegetable garden with greenhouse and raised bed. The planting includes a mature and productive fig tree and climbing roses and shrubs.

Park Road is one of several unadopted roads in Dereham, with no road charges.

The property is a fantastic opportunity for families and those seeking a well-proportioned home, with combining charm and practicality in a peaceful and convenient location.

Services

New gas combi-boiler installed. Mains water, drainage, and electricity are connected.
