Greycoat Street, Westminster

Occupying a third floor position within Greycoat House, a well regarded and secure residential building constructed in the mid 1990s, this well proportioned two bedroom apartment extends to approximately 1,061 sq ft and offers generous lateral accommodation in the heart of Westminster.

The flat is arranged with a clear separation between living and bedroom space. A well sized reception room provides comfortable entertaining and dining space, with a door opening onto a small private balcony, offering a pleasant external aspect and space for morning coffee or evening air. Adjoining the reception room is a separate kitchen, thoughtfully designed with a practical service window connecting to the lounge, allowing both openness and separation when required.

The principal bedroom benefits from built in storage and an en suite bathroom. A second double bedroom is served by a separate family bathroom, making the layout well suited to guests, sharers or those requiring a study or occasional bedroom. The overall accommodation is in fair condition throughout, presenting a perfectly comfortable home as it stands, whilst offering scope for a purchaser to modernise to their own specification over time.

Greycoat House is a secure, well maintained development with lift access and smart communal areas. The building is professionally managed and was constructed around 1995 to 1996, reflecting a practical and well considered design typical of the period.

Greycoat Street is quietly positioned moments from the open spaces of St James's Park and within easy reach of Westminster, Victoria and Pimlico. Transport connections are excellent, with St James's Park, Westminster and Victoria stations all nearby, providing access across London and beyond.

A well balanced and sensibly proportioned apartment in a highly convenient central location.

Greycoat Street, Westminster
