The property has undergone a significant redesign by the current owners in recent years and features a stunning open plan kitchen breakfast room with quartz worktops and adjoining morning room, living and dining room - with underfloor heating and engineered hardwood flooring throughout the ground floor. In addition there is a secondary lounge (currently used as a study/music room) spacious hallway and downstairs cloakroom. The equally spacious first floor comprises large landing, five bedrooms (three with fitted wardrobes) en suite and dressing area to the principal room, en suite to the guest bedroom plus brand new family bathroom. The attractive rear garden has been recently landscaped and provides a high degree of privacy, making it ideal for entertaining or just unwinding.
